California Senate Bill SB-577, was signed by the governor in September 2002, has profound implications for the practice of alternative forms of health care in California. SB-577 enables non-licensed alternative and complementary health care practitioners to provide and advertise their services legally. However, they must also comply with certain requirements specified within the bill.

What does Senate Bill SB-577 mean for you, the client?

SB-577 gives you access to alternative and complementary health care practitioners. You must be given information about the nature of treatment and the practitioner's qualifications. Feel free to ask a practitioner any question you might have about your treatment. Check to see if your practitioner has been certified by a professional membership society. In addition, tell your doctor about any alternative treatment you are pursuing. You can also request that your licensed and non-licensed health care providers communicate with each other and work collaboratively to meet your health care needs.

SB-577 helps to protect you. SB-577 requires non-licensed alternative health care practitioners to follow certain guidelines and restrictions. Below are the things that alternative practitioners are NOT allowed to do:

- Perform any form of surgery or any procedure that punctures your skin or harmfully invades your body.
- Use X-ray radiation.
- Prescribe prescription drugs or recommending that you discontinue drugs that were prescribed by a licensed physician.
- Set fractures.
- Treat wounds with electrotherapy.
- Put you at risk of great bodily harm, serious physical or mental illness, or death.
- Imply in any way that they are licensed physicians.

In addition, non-licensed alternative practitioner MUST DO the following things:

Provide you with a statement, written in plain language that includes the following information:

- That they are not a licensed physician and that their services are not licensed by the state;
- A brief and clear description of the kind of services they provide and the reasoning behind it.
- A description of their education, training, and experience.

Client disclosure: Please read carefully!

Welcome to my practice, I am a practitioner of homeopathy, I am not a licensed physician, nor are homeopathic services licensed by the state of CA. The idea behind homeopathy is that it is a natural system of medicine that uses specially prepared (FDA regulated since 1938) highly diluted doses of substances to stimulate the body's own healing mechanism. As a practitioner of homeopathy, I will provide you with the followings kinds of services:

Initial homeopathic consultation, selection of a homeopathic remedy and follow-up consultations to evaluate treatment response.

I have been practicing **homeopathy** since **2018**. My training and education is described below:

I have a Bachelors of Science in Information Systems and management, Diploma in Homeopathy. I lecture on Homeopathy study groups and on-line courses.

In order to use my services, California state law requires that you acknowledge receipt of the information provided in this form and that you sign it. I will keep the original in my records for at least three years.

My method of treatment is **homeopathy**, a complementary healing art, in the State of California, under Sections 2053.5 and 2053.6 of California's Business and Professions Code, I can offer you these services, subject to requirements and restrictions that are described fully on this document.

If you have any concerns about the nature of your treatment, please feel free to discuss them with me. I recommend that you inform your medical doctor that you are receiving **homeopathic** treatment.

Fees and Clinic Policies

- **Remember to bring your form filled out or emailed a head of your appointment time.**

 - \$280 for the first consultation and two follow-ups as a combo price.
 - If you would like to pay per consultation, then intake consultation fee is \$200.00. Subsequent follow-ups, as needed, are \$65 each.
 - Remedy cost is between \$10 - \$45, and shipping cost is \$7. If there are special ordered remedies, you will be notified about the additional cost.
 - A returning case after 6 months is considered almost a new client (as many things might change during this period), therefore, a re-take of the case would cost \$160.
- **Payment:** Fees must be paid in full before the service. Accepted payment methods are Cash, Zelle, Venmo or PayPal.
- **Canceled and missed appointment policy:** A 48-hour cancellation notification is required, your appointment can be changed or canceled at no charge, before 48-hours of your appointment. If you miss an appointment and cancel less than 48-hours notice, you will be charged for it.
- **Time:** I book appointments just one person at a time. Your time is valuable to me. Please be courteous, if you can't make an appointment, please give me 48-hours notice, otherwise there is a charge for the missed appointment, which is the same as the fee.
